Optional promotional photo and video consent

Do you permit images identifying the athlete to be used to present and promote Festivalul Natației and CS YES Swimming on festivalulnatatiei.ro, the YES Swimming website, emails and official Facebook and Instagram pages? Consent excludes sponsors' own advertising, facial recognition and independent commercial reuse. Refusal does not affect registration, the fee or awards. Retention: no more than two years after the edition or until withdrawal, whichever is earlier. Free withdrawal may be requested at contact@yesswimming.ro and contact@festivalulnatatiei.ro; it stops future uses controlled by the controller and leads to removal of identifiable material within legal and practical limits. Copies independently made by third parties cannot be fully controlled. Platform information and individual rights are explained in the privacy notice.
